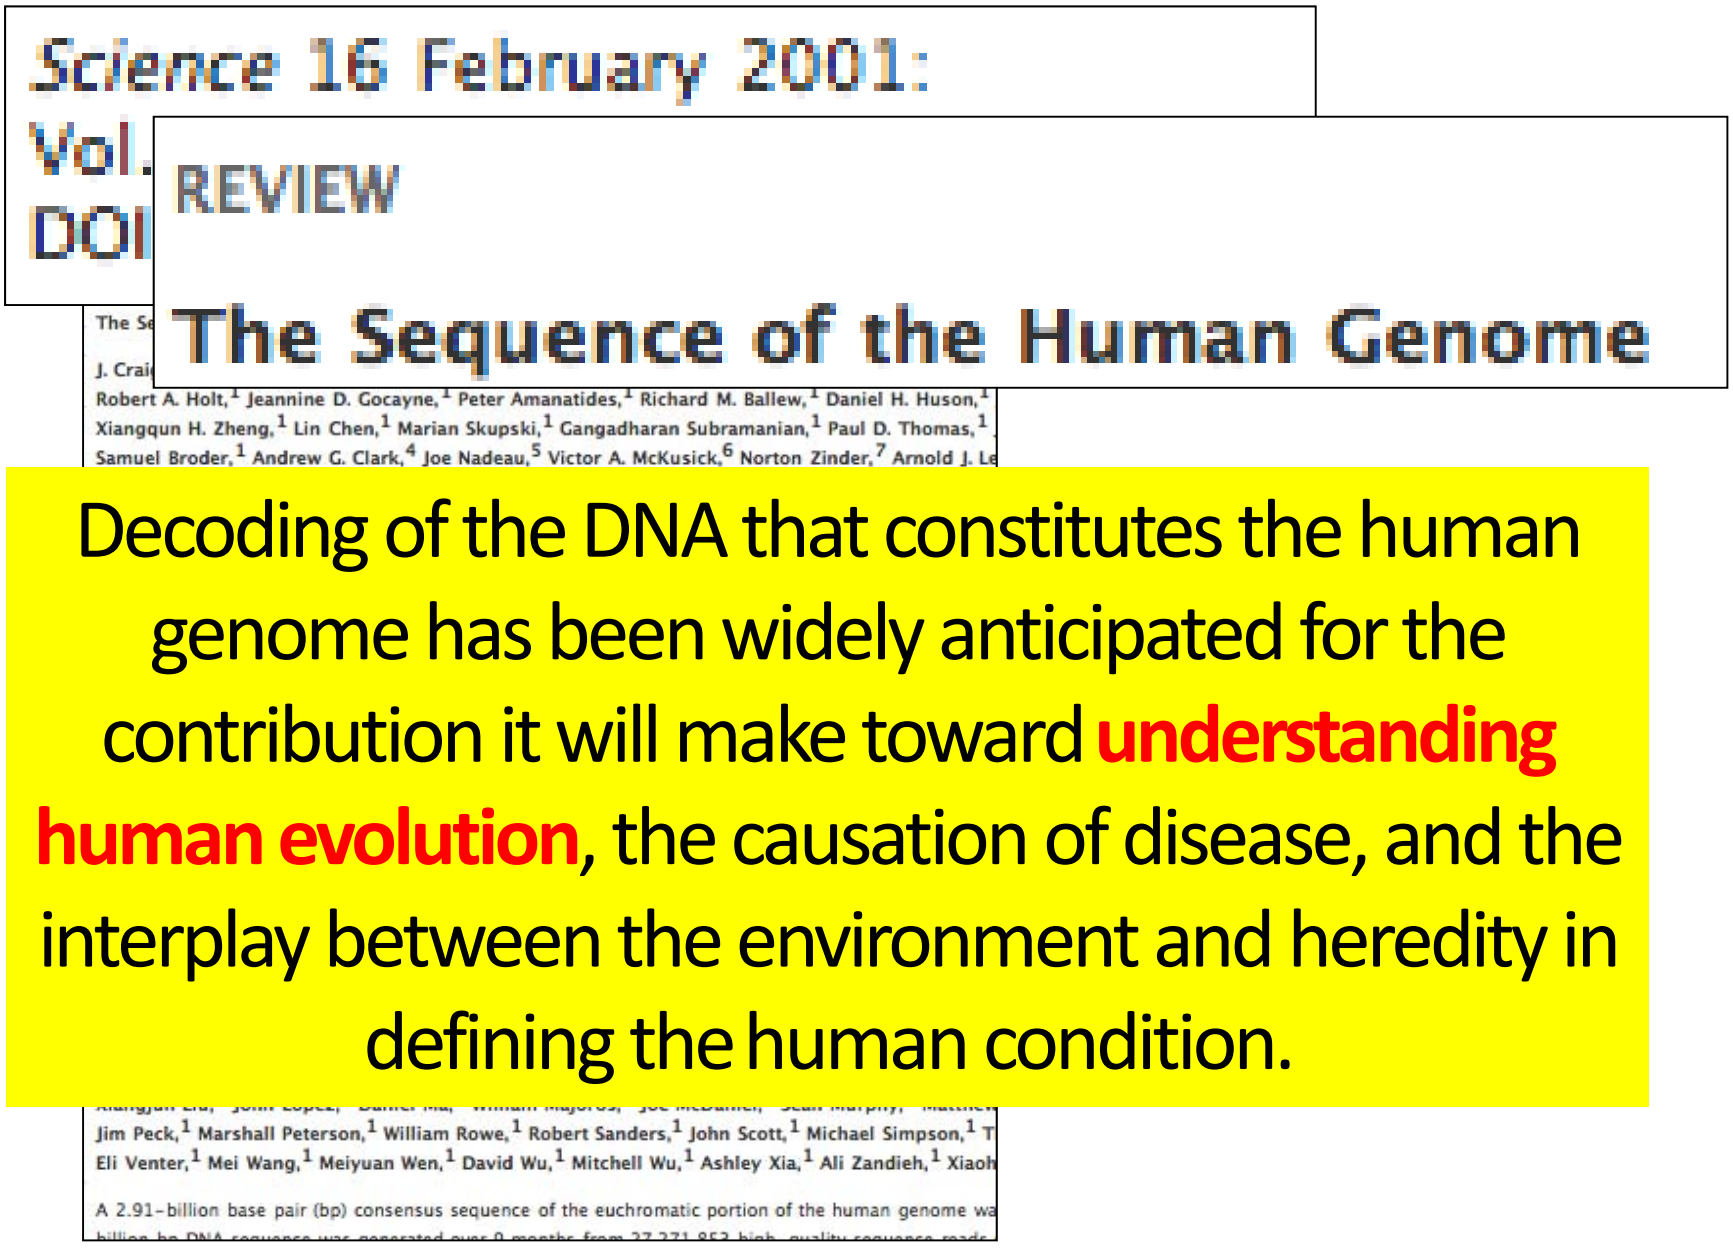
Decoding of the DNA that constitutes the human genome has been widely anticipated for the contribution it will make toward understanding human evolution, the causation of disease, and the interplay between the environment and heredity in defining the human condition.



Decoding of the DNA that constitutes the human genome has been widely anticipated for the contribution it will make toward **understanding human evolution**, the causation of disease, and the interplay between the environment and heredity in defining the human condition.

Evolution or Creation?

Can we ignore science?

~~Can~~ Should we ignore science?

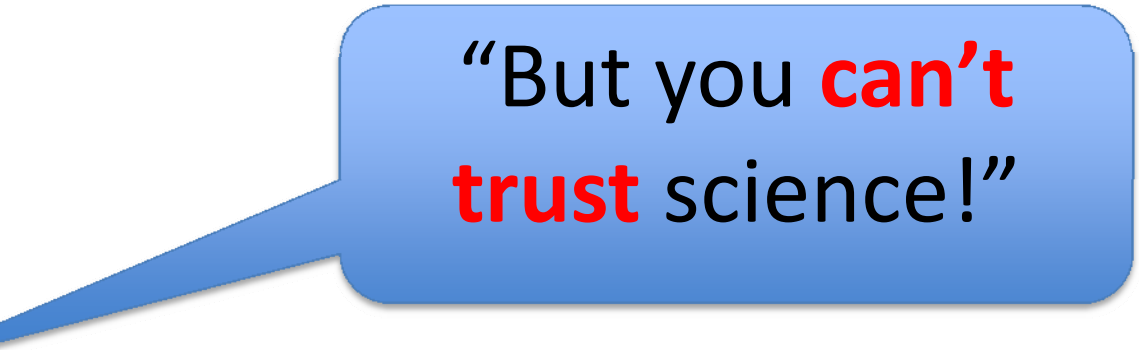
~~Can~~ Should we ignore science?

1. Integrating faith and science helps spread the gospel

1. Integrating faith and science helps spread the gospel

1. Integrating faith and science helps spread the gospel

1. Integrating faith and science helps spread the gospel



“But you can’t trust science!”

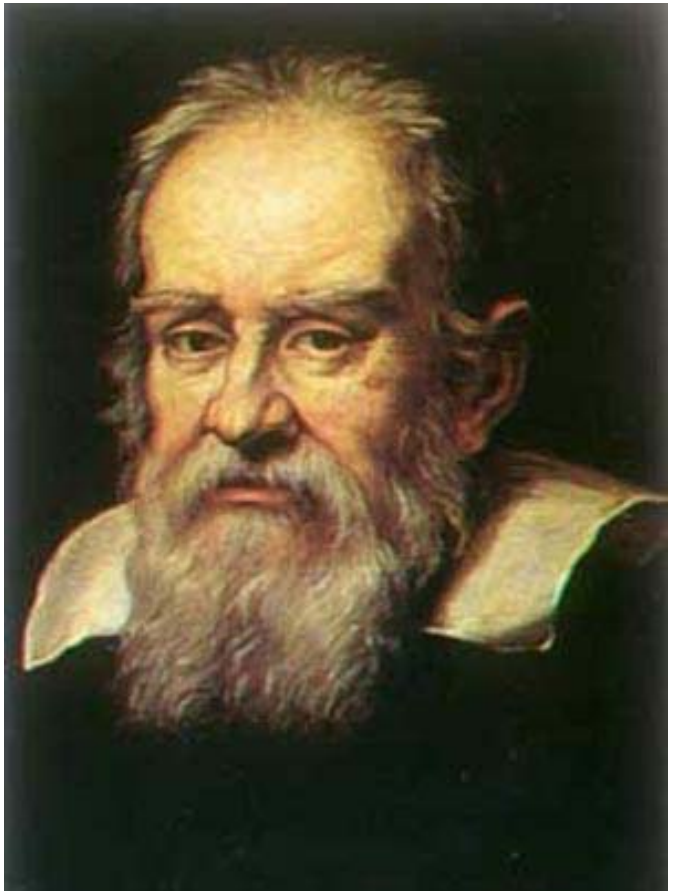
“But you **can’t trust** science!”

“Science used to think the world was flat!”

There is good science and bad science

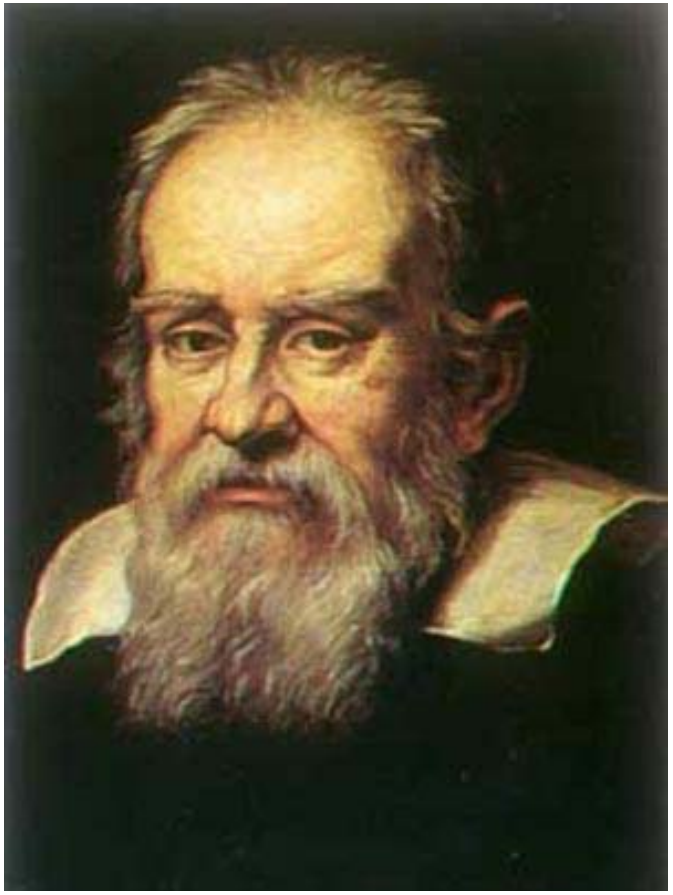
"But you **can't trust** science!"

"Science used to think the world was flat!"



Galileo Galilei
(1564 - 1642)

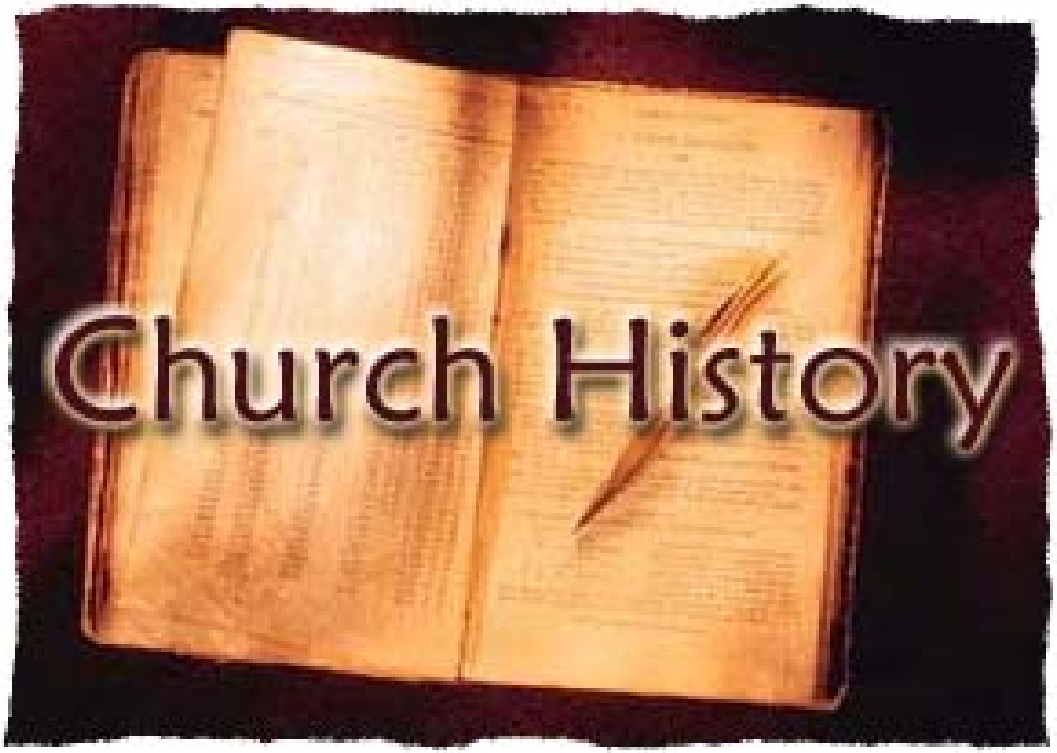
There is good religion and bad religion



Galileo Galilei
(1564 - 1642)

1. Integrating faith and science helps spread the gospel

1. Integrating faith and science helps spread the gospel



1. Integrating faith and science helps spread the gospel

Science as the handmaiden of the church

2. All truth is rooted in God

2. ***All*** truth is rooted in God

2. ***All*** truth is rooted in God

Jesus: “I am the way, and the truth, and the life” (Jn 14:6)

2. ***All*** truth is rooted in God

Remember “God of the Gaps”?

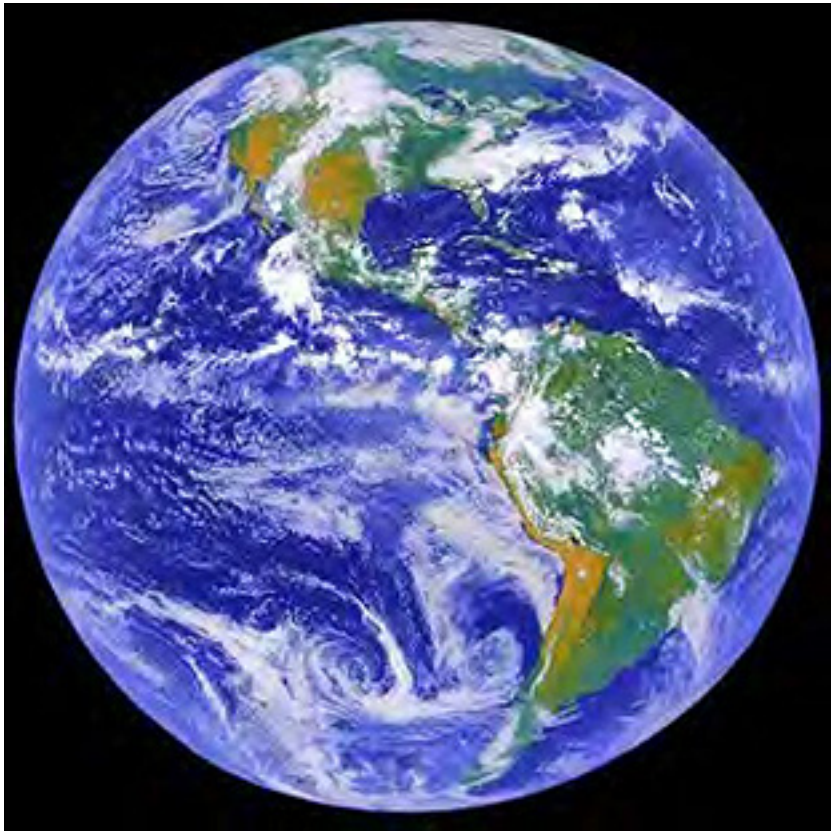
2. ***All*** truth is rooted in God

Remember “God of the Gaps”?

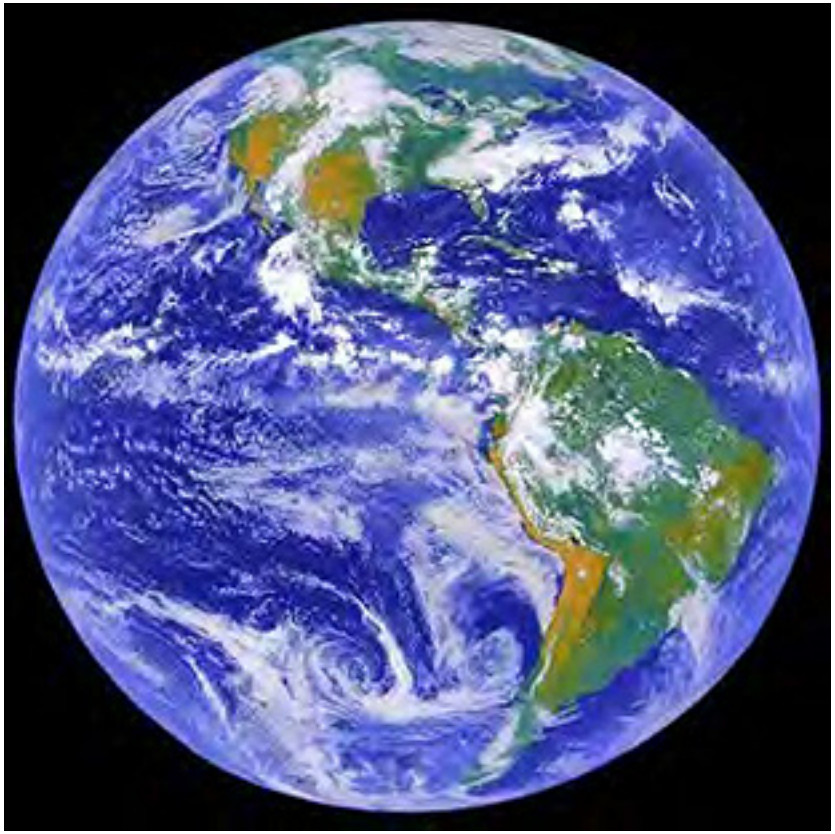
What is a “God thing?”

3. Creation ***demands*** faith dialogue with science

The world is “creation” as well as “nature”…



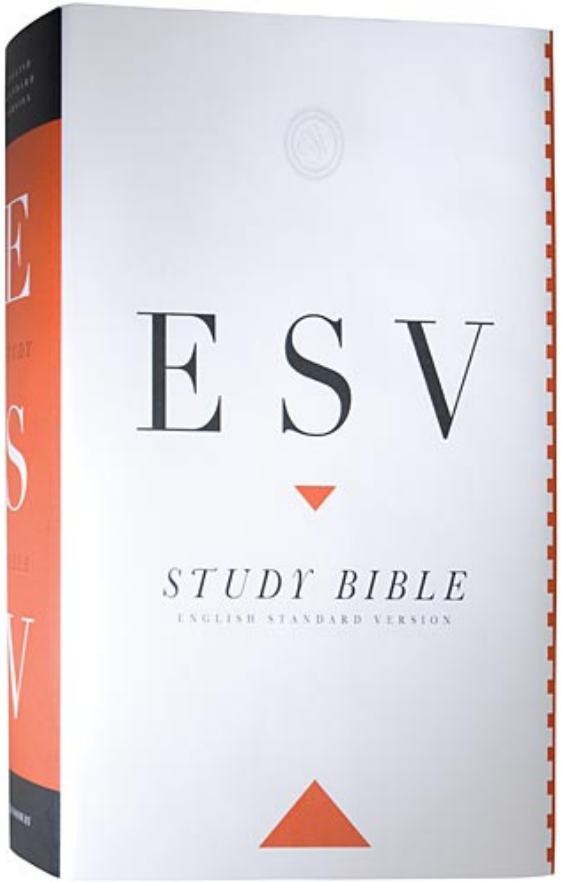
The world is “creation” as well as “nature”…



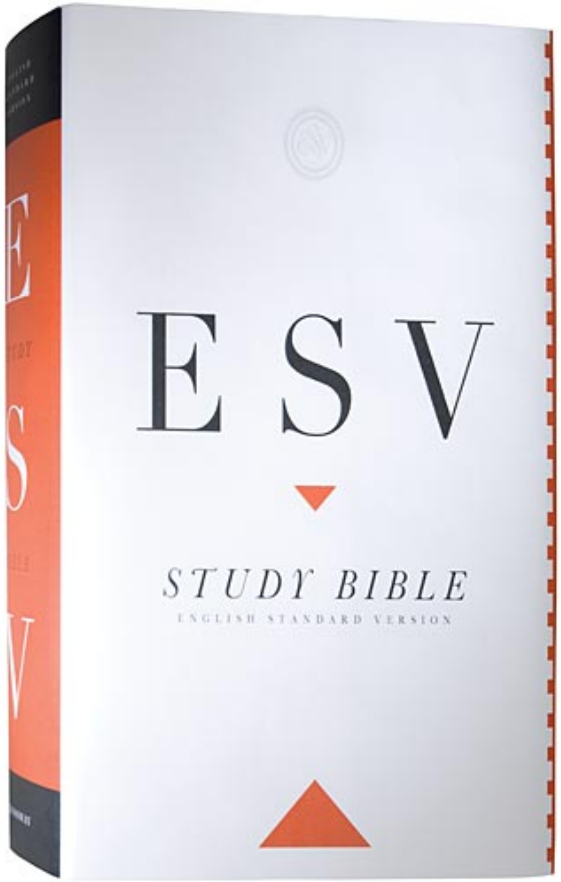
So it teaches of the Creator!

We know of God by what he says and what he does

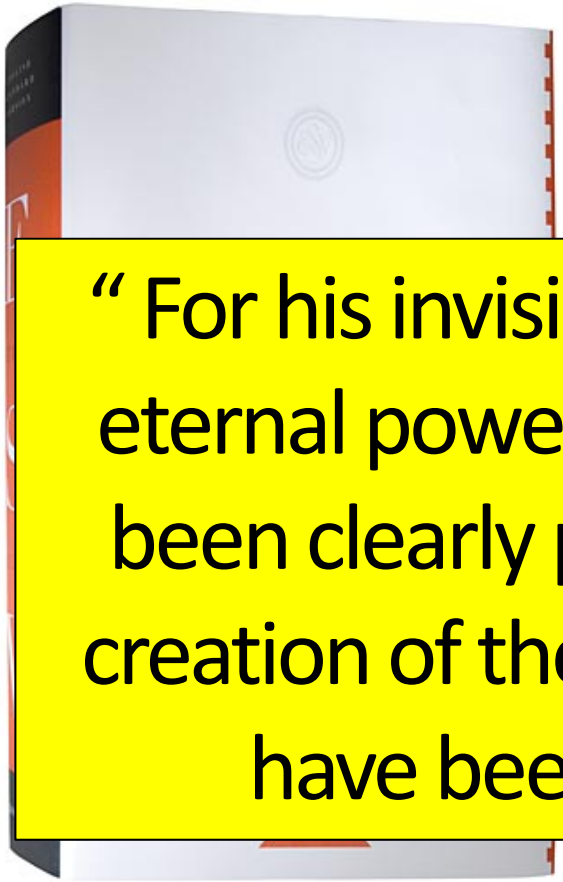
We know of God by **what he says** and what he does

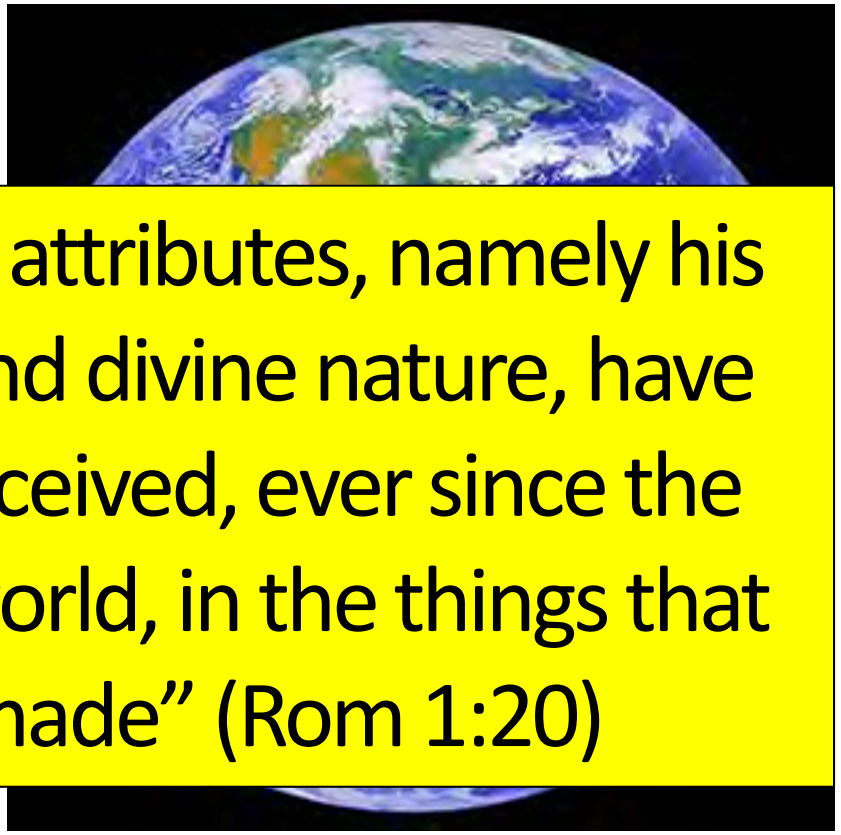


We know of God by **what he says** and **what he does**



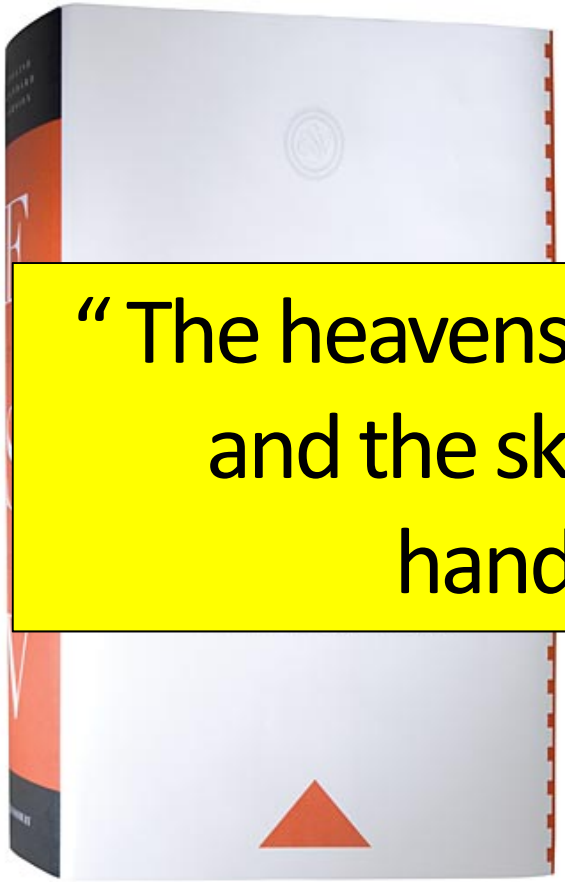
We know of God by **what he says** and **what he does**

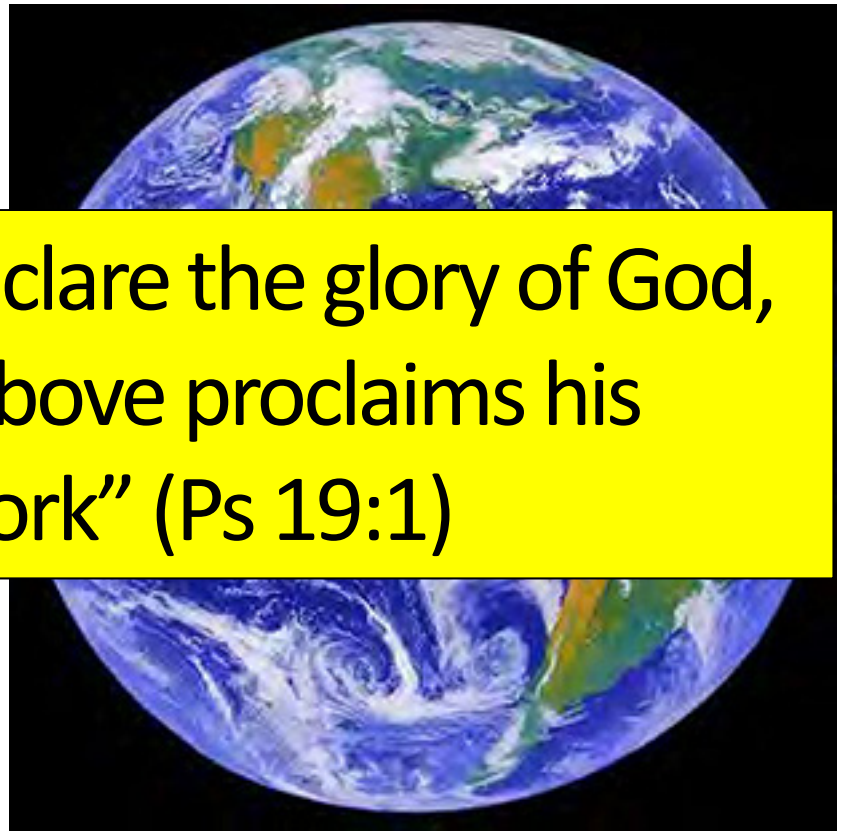




" For his invisible attributes, namely his eternal power and divine nature, have been clearly perceived, ever since the creation of the world, in the things that have been made" (Rom 1:20)

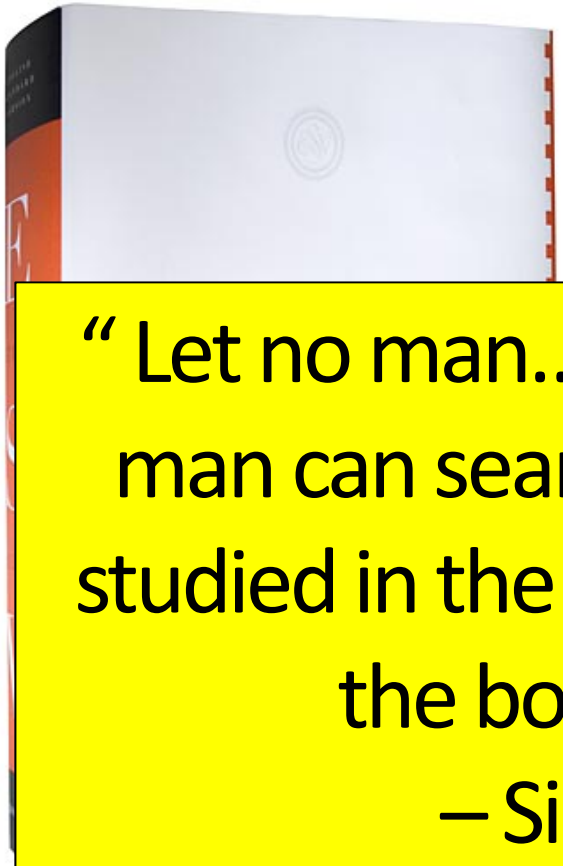
We know of God by **what he says** and **what he does**





" The heavens declare the glory of God, and the sky above proclaims his handiwork" (Ps 19:1)

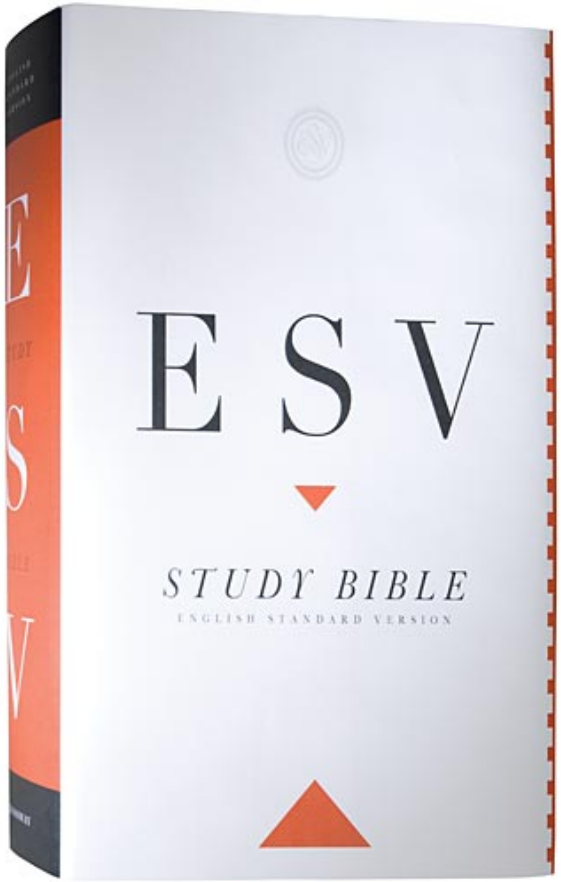
We know of God by **what he says** and **what he does**



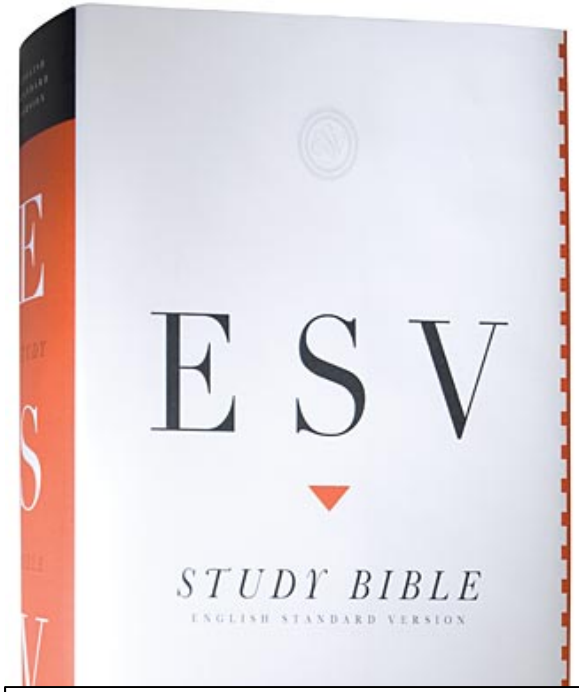
" Let no man… think or maintain, that a man can search too far or be too well studied in the book of God's word, or in the book of God's work"

– Sir Francis Bacon

We know of God by **what he says** and **what he does**

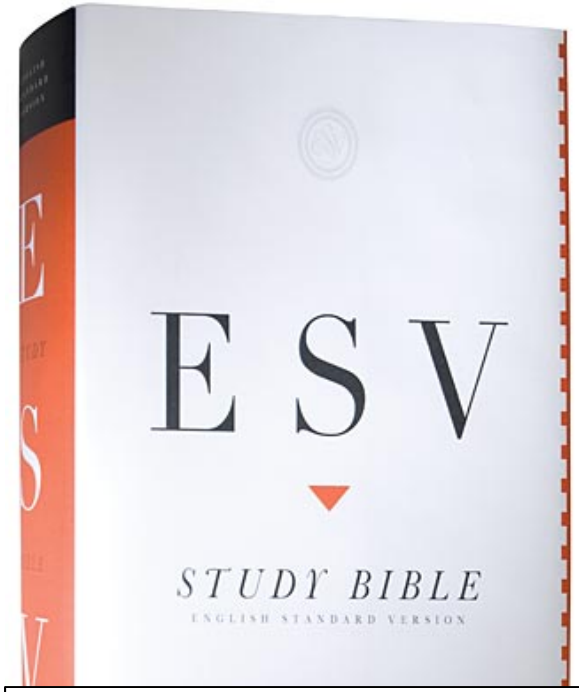


We know of God by **what he says** and **what he does**

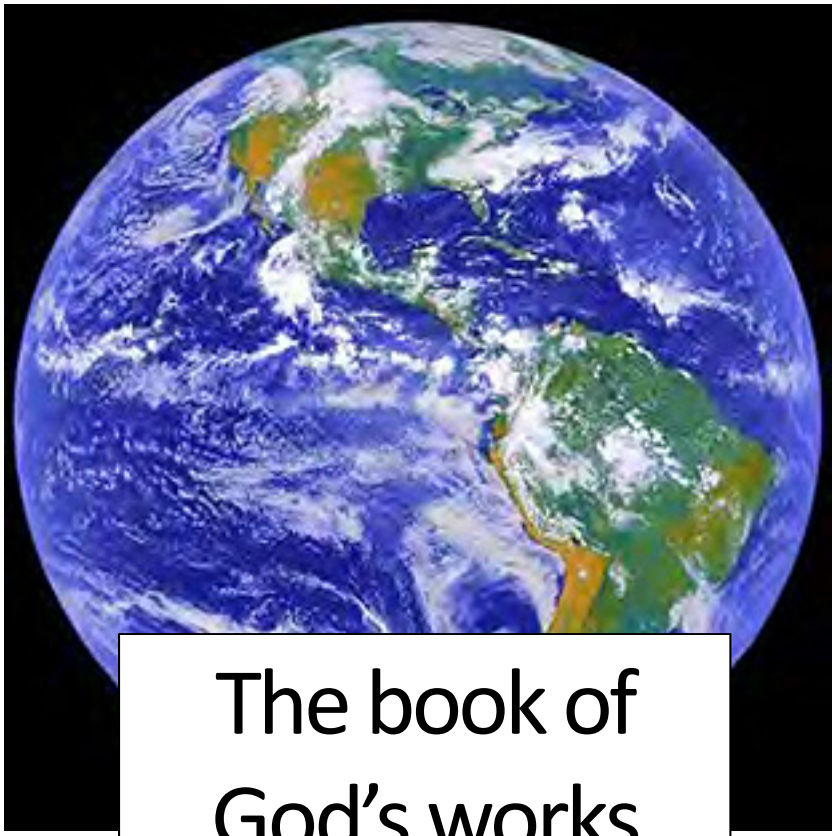


The book of God's words

We know of God by **what he says** and **what he does**

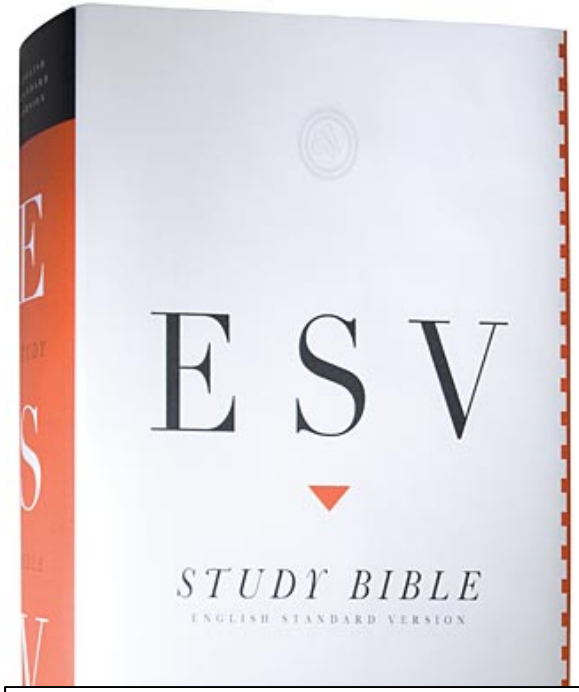


The book of God's words

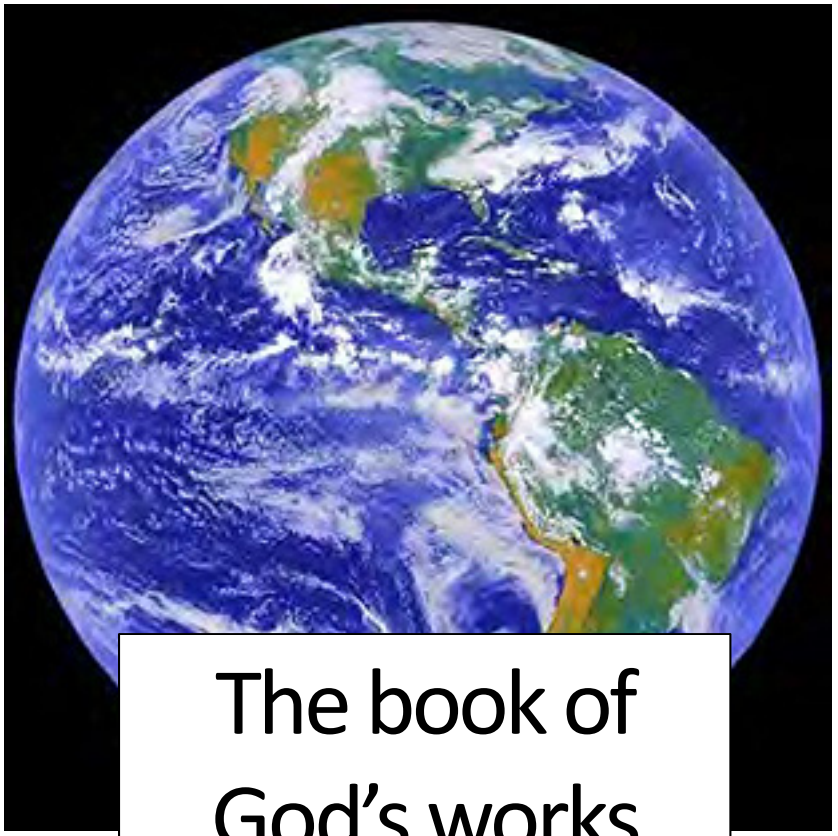


The book of God's works

John Calvin:

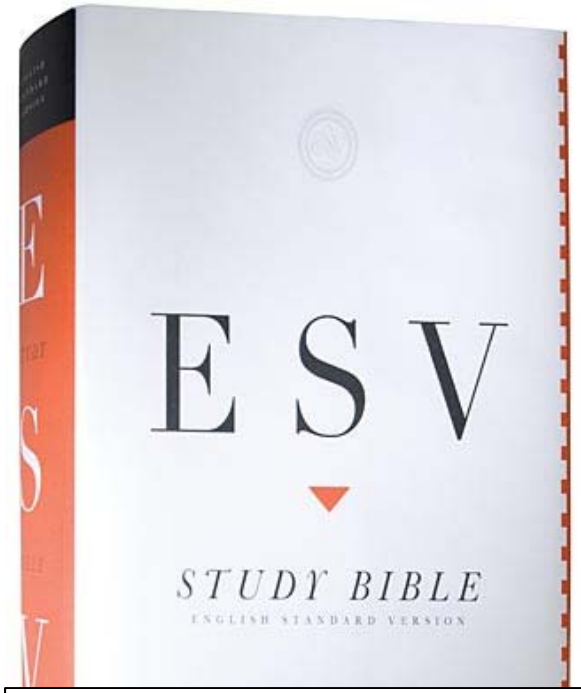


The book of God's words

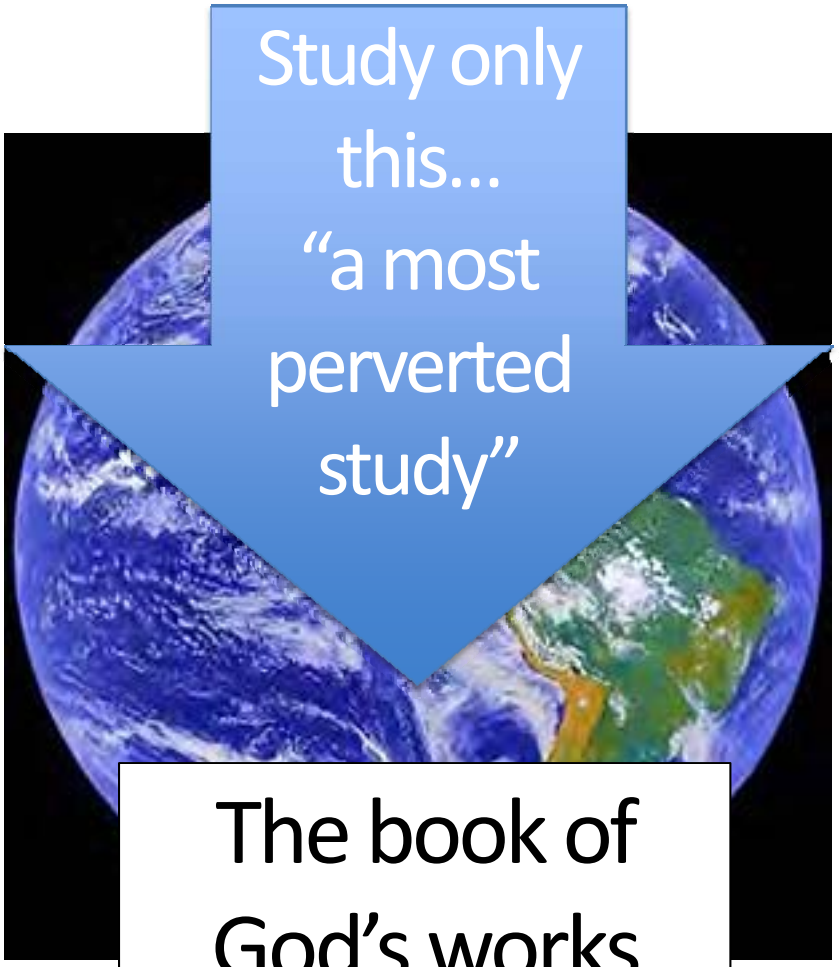


The book of God's works

John Calvin:

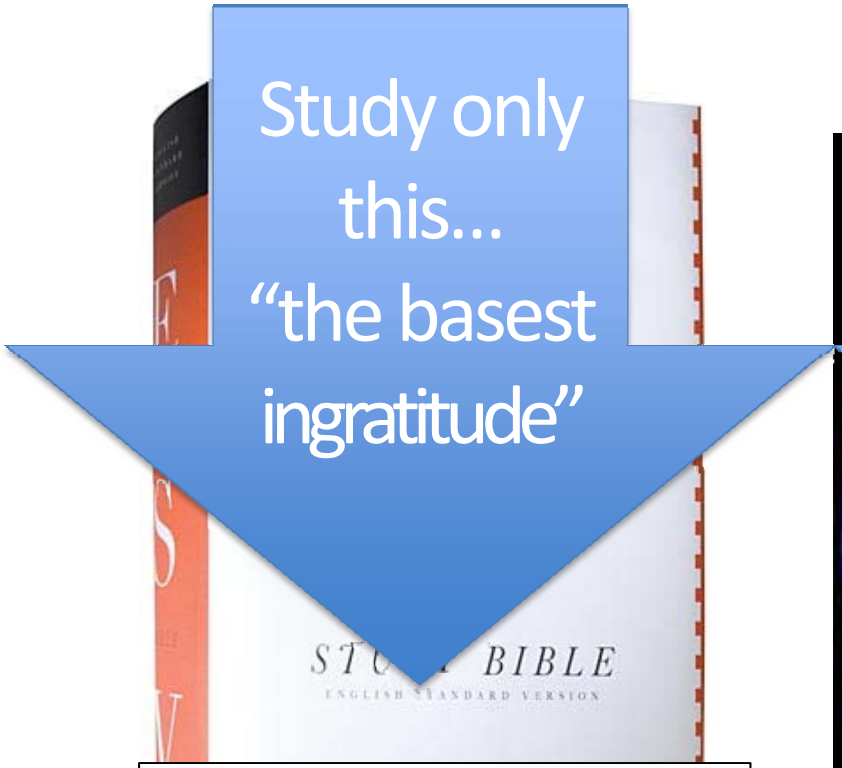


The book of God's words

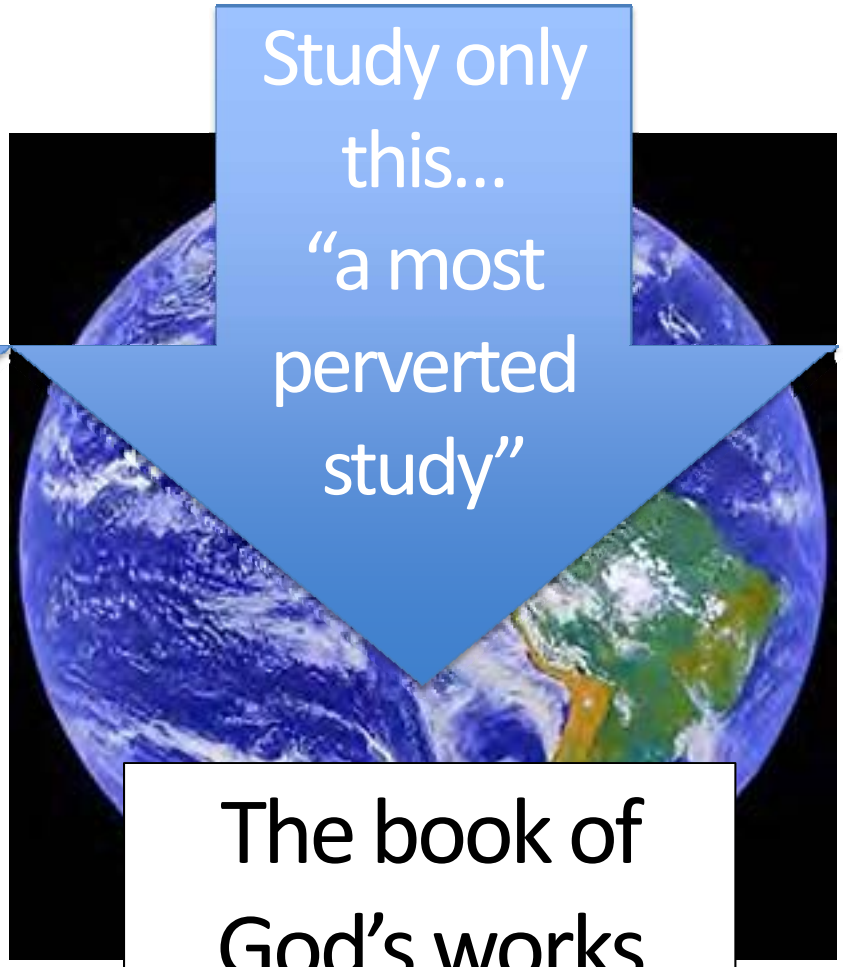


The book of God's works

John Calvin:



The book of God's words



The book of God's works

3. Creation ***demands*** faith dialogue with science

4. Ethical issues ***demand*** faith dialogue with science

4. Ethical issues ***demand*** faith dialogue with science

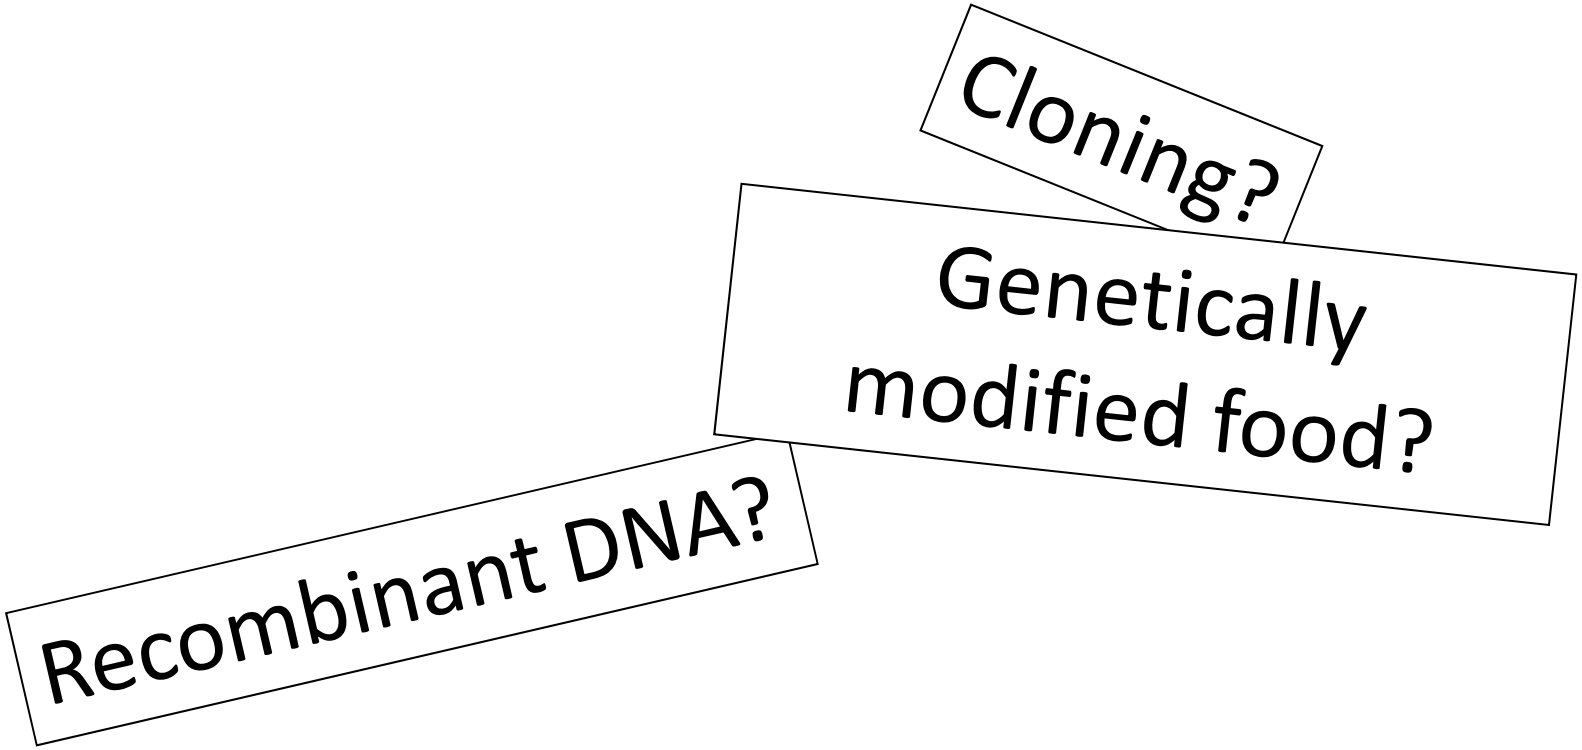
Cloning?

4. Ethical issues ***demand*** faith dialogue with science

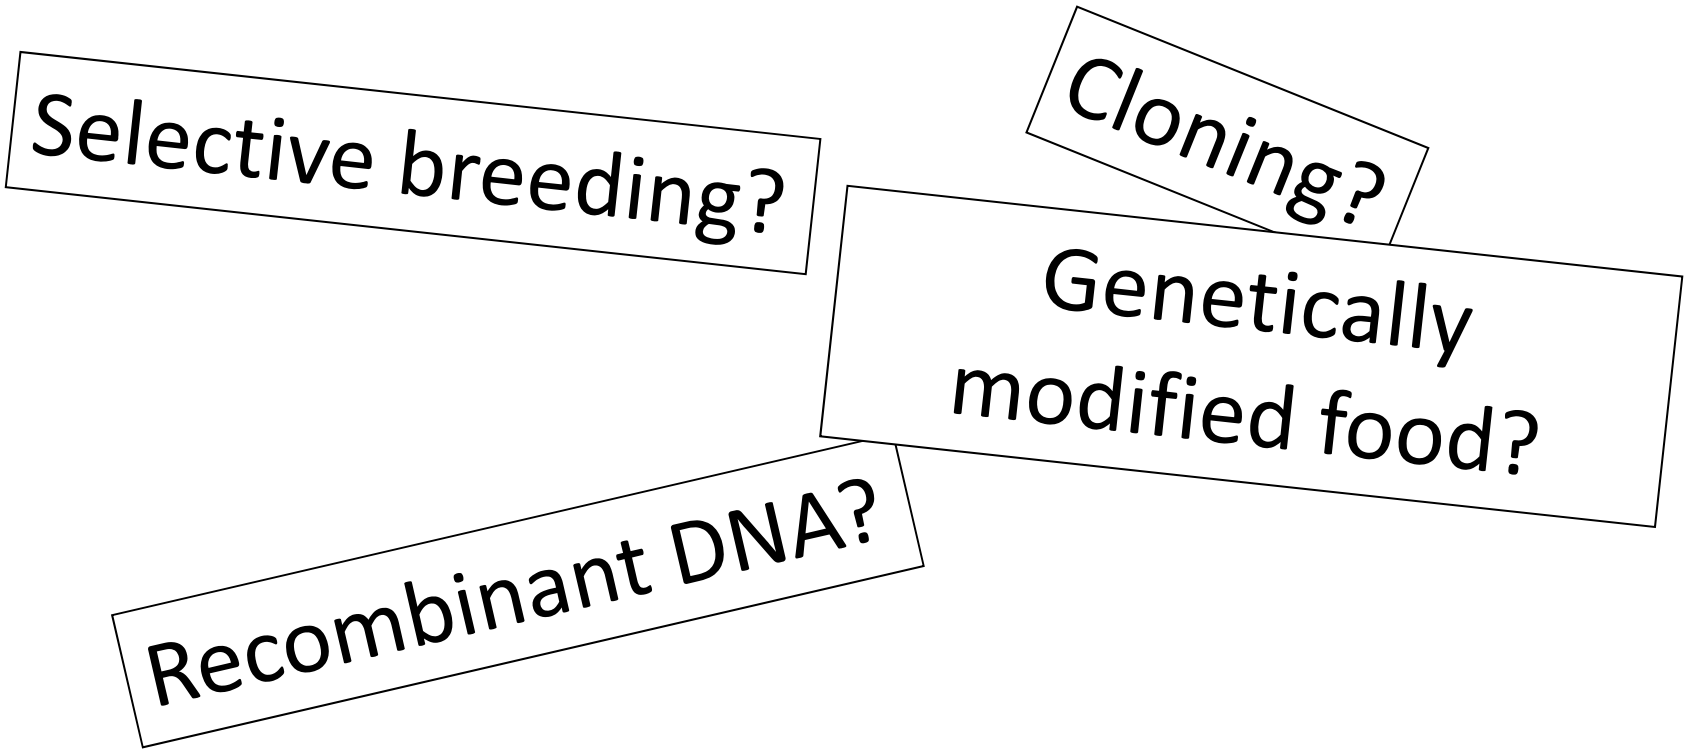
Cloning?

Recombinant DNA?

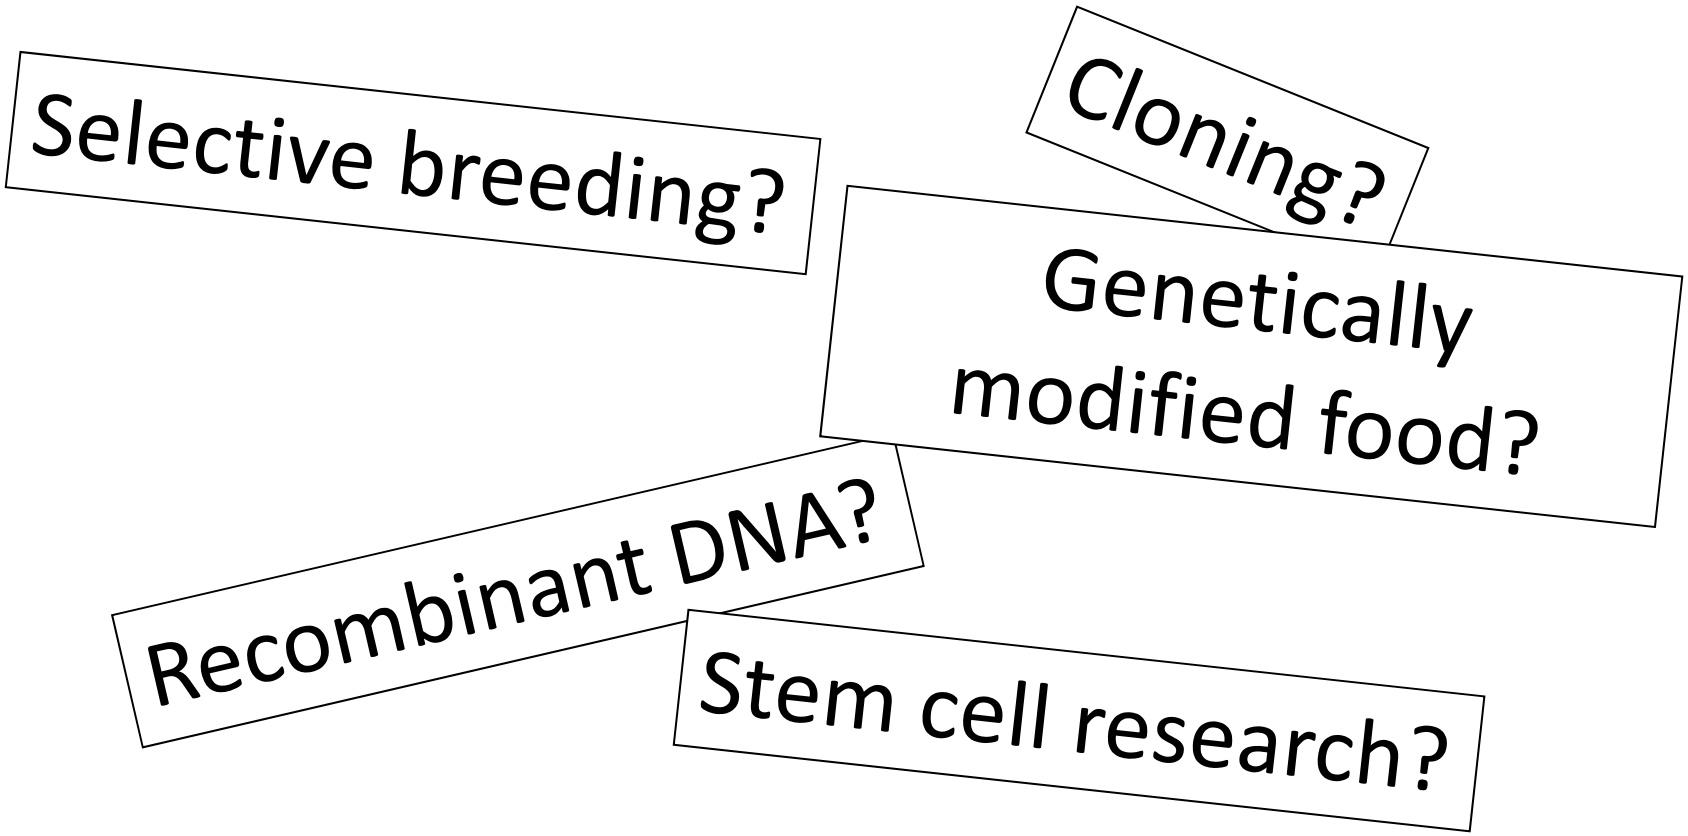
4. Ethical issues ***demand*** faith dialogue with science



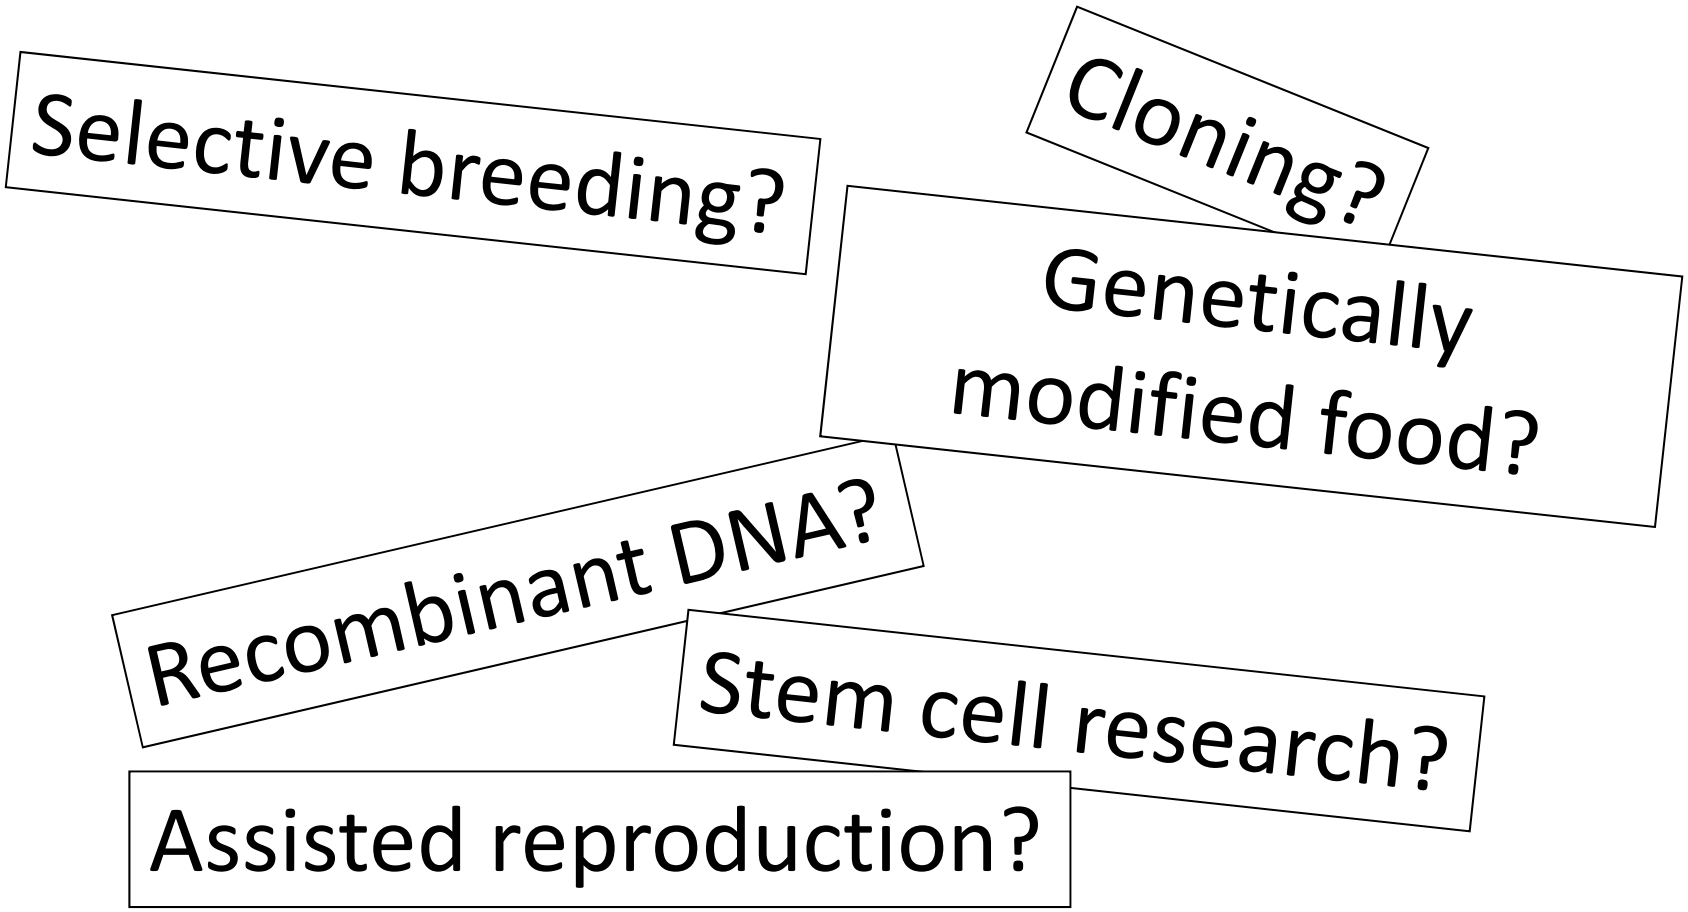
4. Ethical issues ***demand*** faith dialogue with science



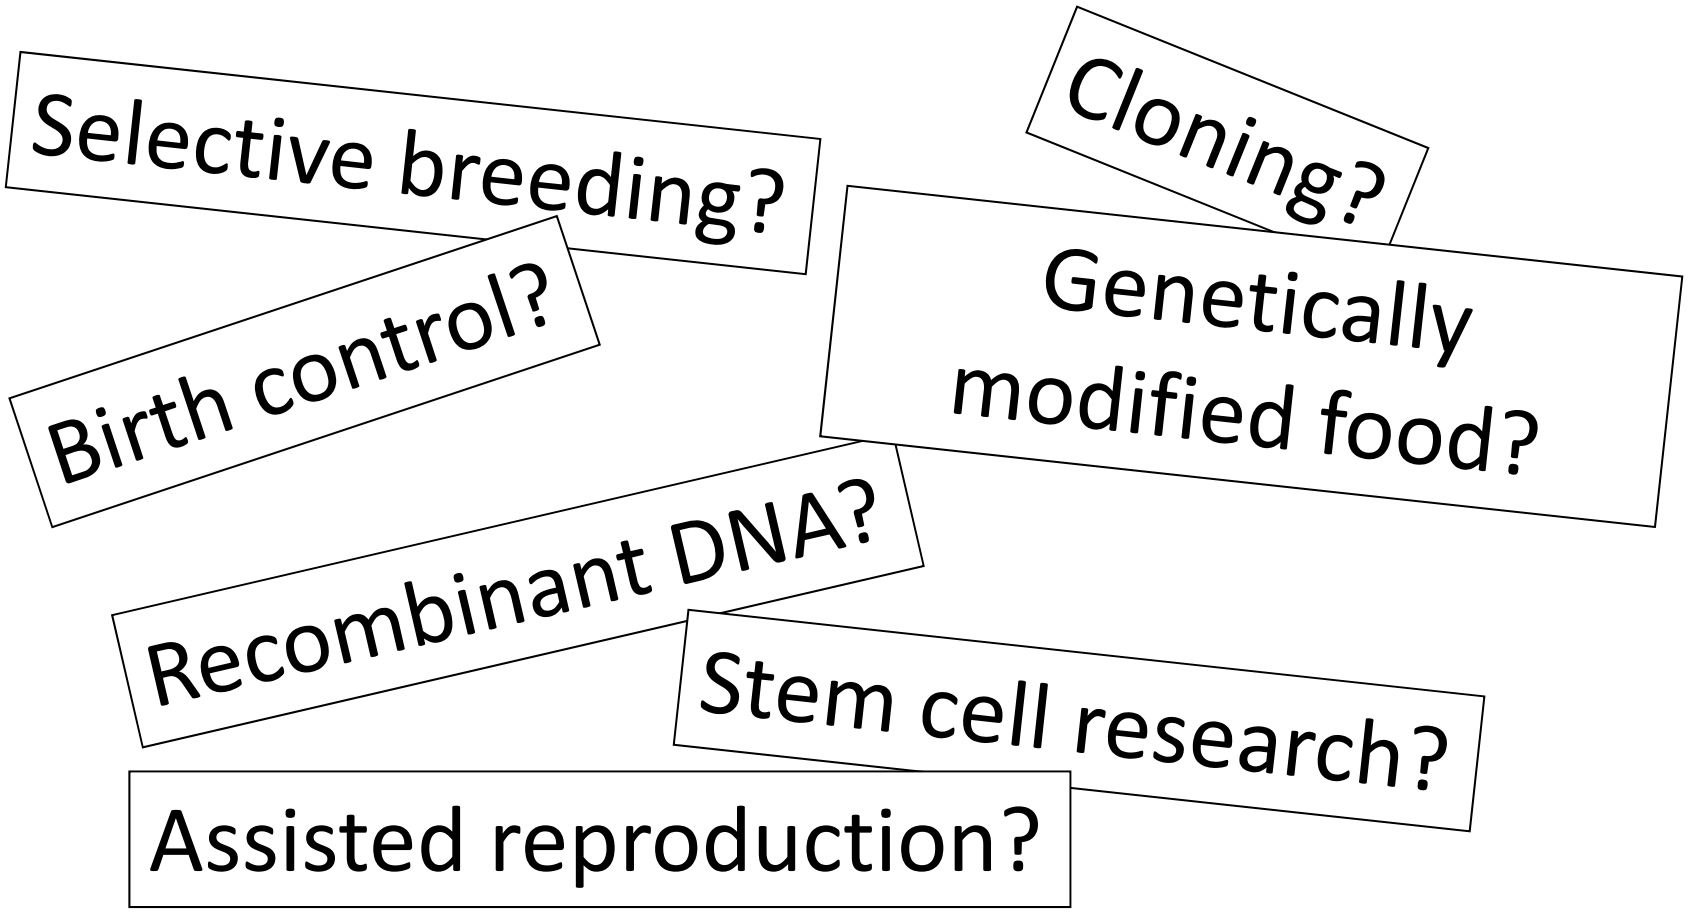
4. Ethical issues ***demand*** faith dialogue with science



4. Ethical issues ***demand*** faith dialogue with science



4. Ethical issues ***demand*** faith dialogue with science



5. God is “missing” in most science books

Can we ignore science?

~~Can~~ Should we ignore science?

~~Can~~ Should we ignore science?
